	<u>Distillery Dried Grain Solubles - DDGS</u>		Platnost od: 3. 9. 2021	
Prepared by: Kateřina Kunášková Position: Quality manager	Podpis:  Datum: 16. 9. 2021	Approved by: Ing. Richard Zetek PhD. Position: Director Technical-Production section	Podpis:  Datum: 16. 9. 2021	

PRODUCT IDENTIFICATION			
Market type	Commercial product name	Product code	Designation GMP+
Feed material	Distillery Dried Grain Solubles	1. 12. 11 Distillery Solubles pursuant to Commission Regulation (EU) No. 2017/1017 amending the Commission Regulation (EU) No. 68/2013 catalogue of feed materials	1.002 Grain distillers, dried

PRODUCT CHARACTERISTICS			
Product Description	Purpose (target market)	Method of application	durability
The product of alcohols distilling obtained by drying solid residues of fermented grains to which was addend syrup and ZeoFeed, it is a registered feed additive in the feed CAS:12173-10-3) content <1%	Compound feed for livestock	Feed material for the production of compound feed for livestock	6 months from date of manufacture

QUALITY PRODUCT PARAMETERS			
Sensory requirements	Physics-chemical requirements		Raw material
Pests: 0 Smell: Without unwanted smell	Declared content (feed material)	Protein (N-substances): min. 30 % (values are calculated in 100% dry matter)	Corn/ Maize GMO free

WHOLESOMEMESS			
<u>Maximum levels of undesirable substances</u>			
According to GMP+BA1, Commission Regulation EU 574/2011 and of European Parliament and of the Council 2002/32/EC :			
Cadmium	max 1 mg/kg	Aflatoxin B1	max. 0,02 mg/kg
Lead	max 10 mg/kg	DON	max. 12mg/kg
Arsenic	max 2 mg/kg	ZEA	max. 3 mg/kg
Hydrargyrum	max. 0,1 mg/kg	Ochratoxin	max. 0,25 mg/kg
Standard	GMP+ B1		BEZ GMO
	GMP+ FSA assured.		GMO free.

PACKING AND DELIVERY	
Type of packing	Terms of packing and delivery
Loose, bulk	Packing and Transportation meets EC Regulation No. 767/2009 concerning the placing on the market and use of feed

STORAGE CONDITIONS	
Storage shall by in dry, clean, enclosed, cold, dark areas, in accordance with the Animal Feed Act No. 91/1996, as amended	

DOCUMENTATION PRODUCT	
Type of document	Transmission method
Weighing ticket, the product label	The driver of the truck

AMENDMENTS TO THE PREVIOUS REVISIONS	
Revision 7: amending the Regulation (EU) 2017/1017	
Revision 8: modifying GMP + delivery conditions and changing OS position	
Revision 9 : adjustment of the minimum crude protein content	
Revision 10: modification of the trade name, supplemented without GMO and graphic design....
